

Trends in Omega 3 @

Dr. Albert Strube

BASF SE – Human Nutrition

1 | Trend 1

Market Segment diversification and penetration

2 | Trend 2

**Higher EPA/DHA concentrates
Customized EPA/DHA ratios**

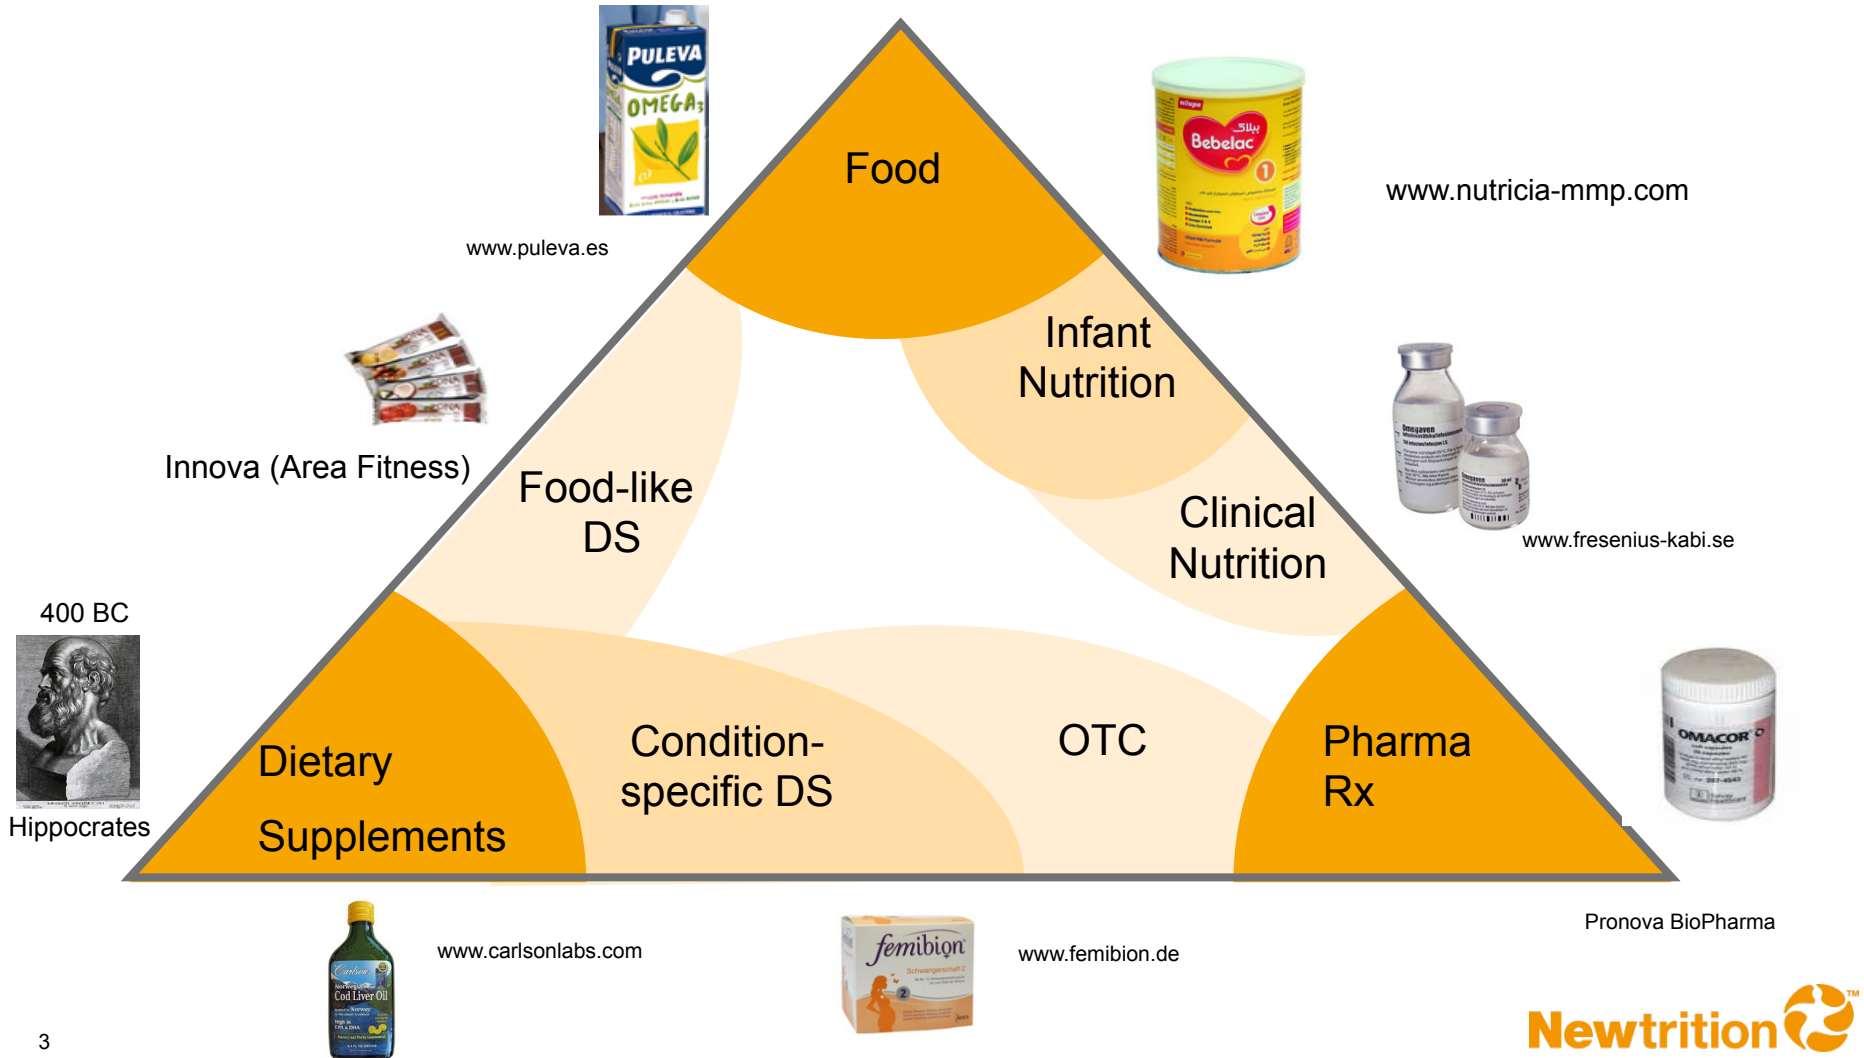

3 | Trend 3

New delivery forms

Trend 1

Market Segment diversification and penetration

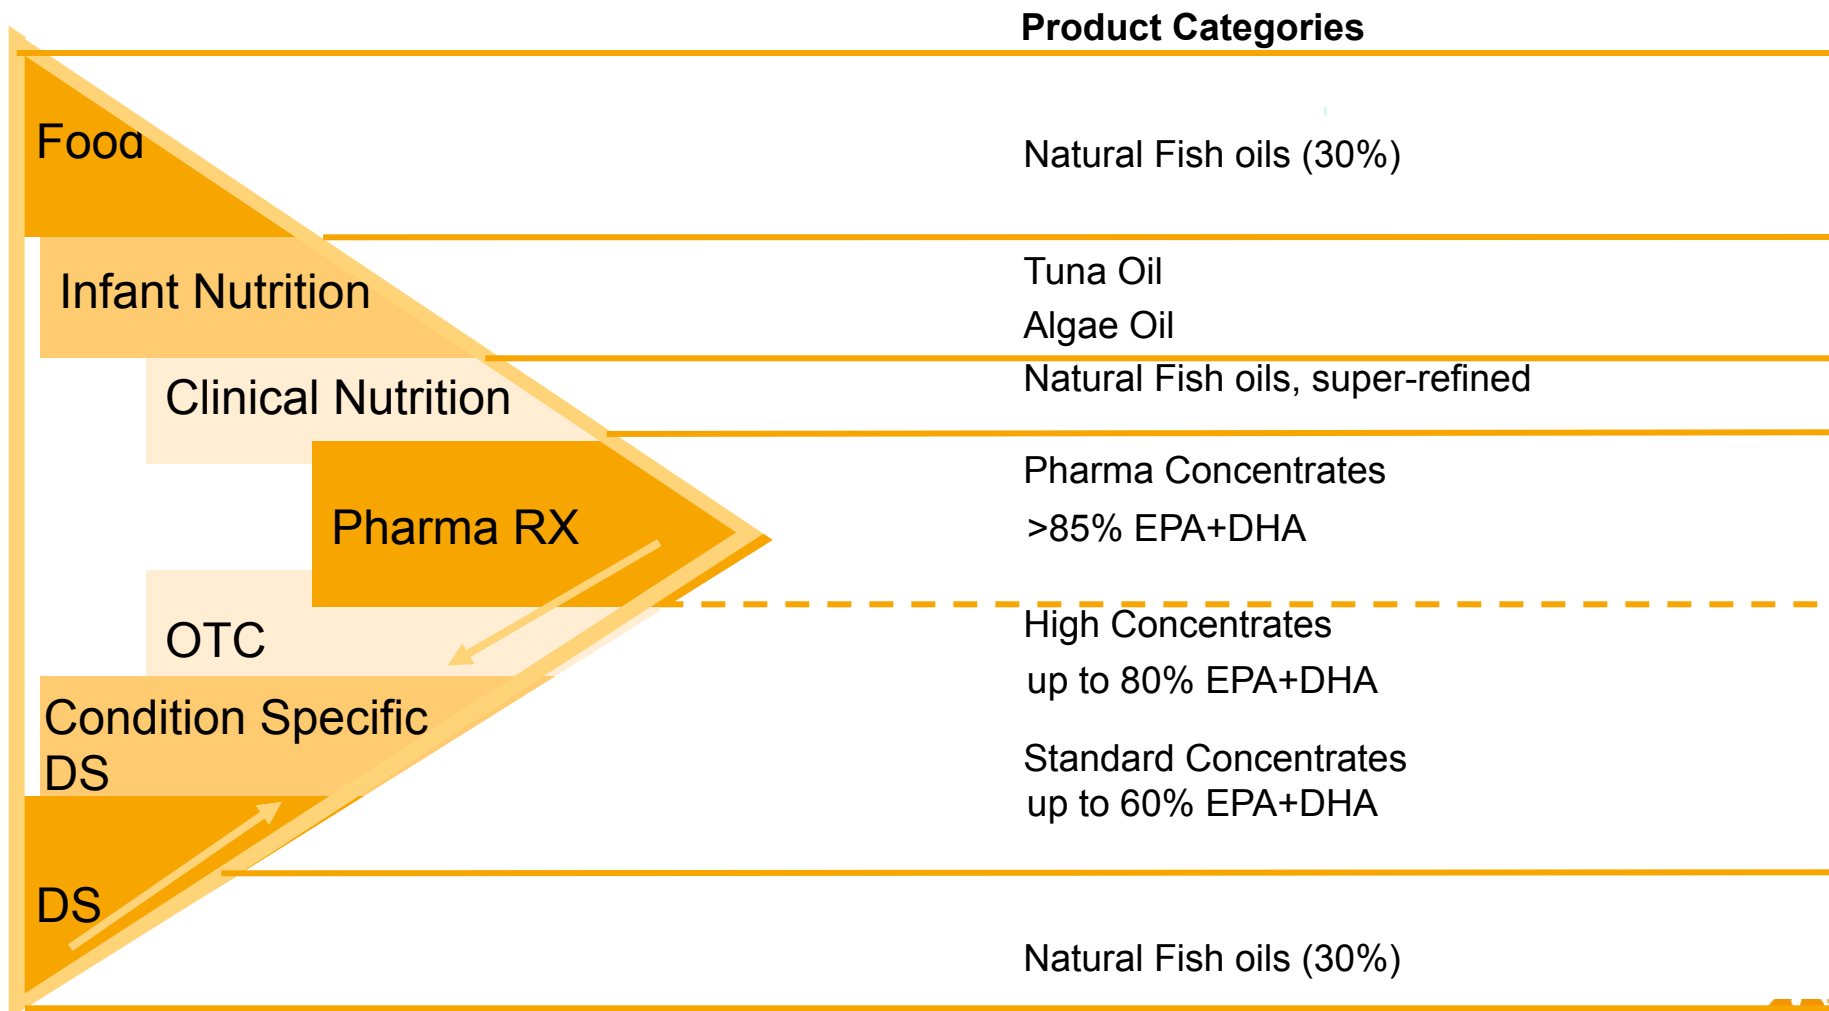

Omega-3 presence in all Nutrition & Pharma market segments

Trend 1

Market Segment diversification and penetration

Matching market segments and Omega-3 Product categories

1 | Trend 1

Market Segment diversification and penetration

2 | Trend 2

**Higher EPA/DHA concentrates
Customized EPA/DHA ratios**

3 | Trend 3

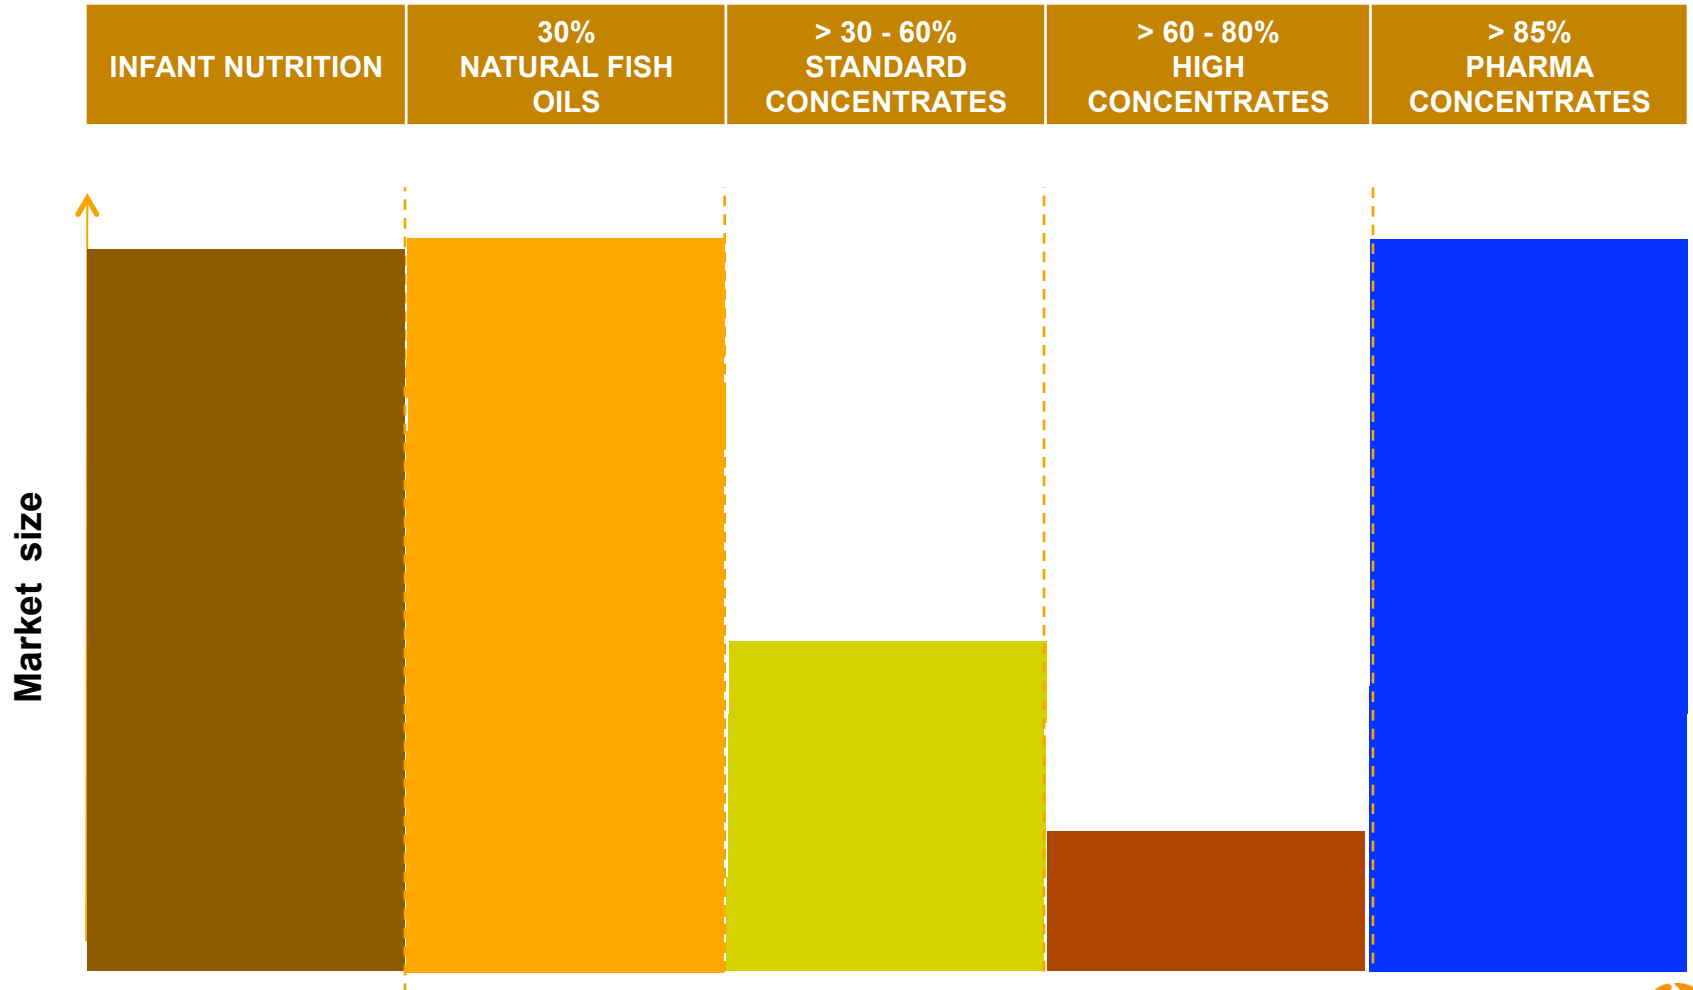

New delivery forms

Trend 2

Higher EPA/DHA concentrates

Customized EPA/DHA ratios

Omega-3 product categories

Trend 2

Higher EPD/DHA concentrates

Customized EPA/DHA ratios

Reasons why ?

- Reduction of supplementation with undesired fatty acids or other non essential component
- Optimized Omega-3 / Omega-6 ratio
- Increased consumer compliance (smaller capsules, one-capsule-a-day)
- Health condition-specific supplementation requires
 - higher absolute doses, and
 - higher relative concentration of EPA vs DHA
- Concentrated EPA/DHA offer the possibility to differentiate against commoditized fish oil supplements, and participating in premium markets
- Concentrated EPA/DHA offer the option for brand marketers to tailor a company-specific/proprietary EPA/DHA ratio

Trend 2

Higher Omega-3 concentrates

Customized EPA/DHA ratios

EPA's and DHA's Distinct Health Benefits

EPA

- Reduce triglyceride levels
- Anti-thrombotic
- Anti-arrhythmic
- Mood disorders
- Anti-inflammatory

DHA

- Lower blood pressure
- Brain health
- Pre & post natal formulations
- Eye health

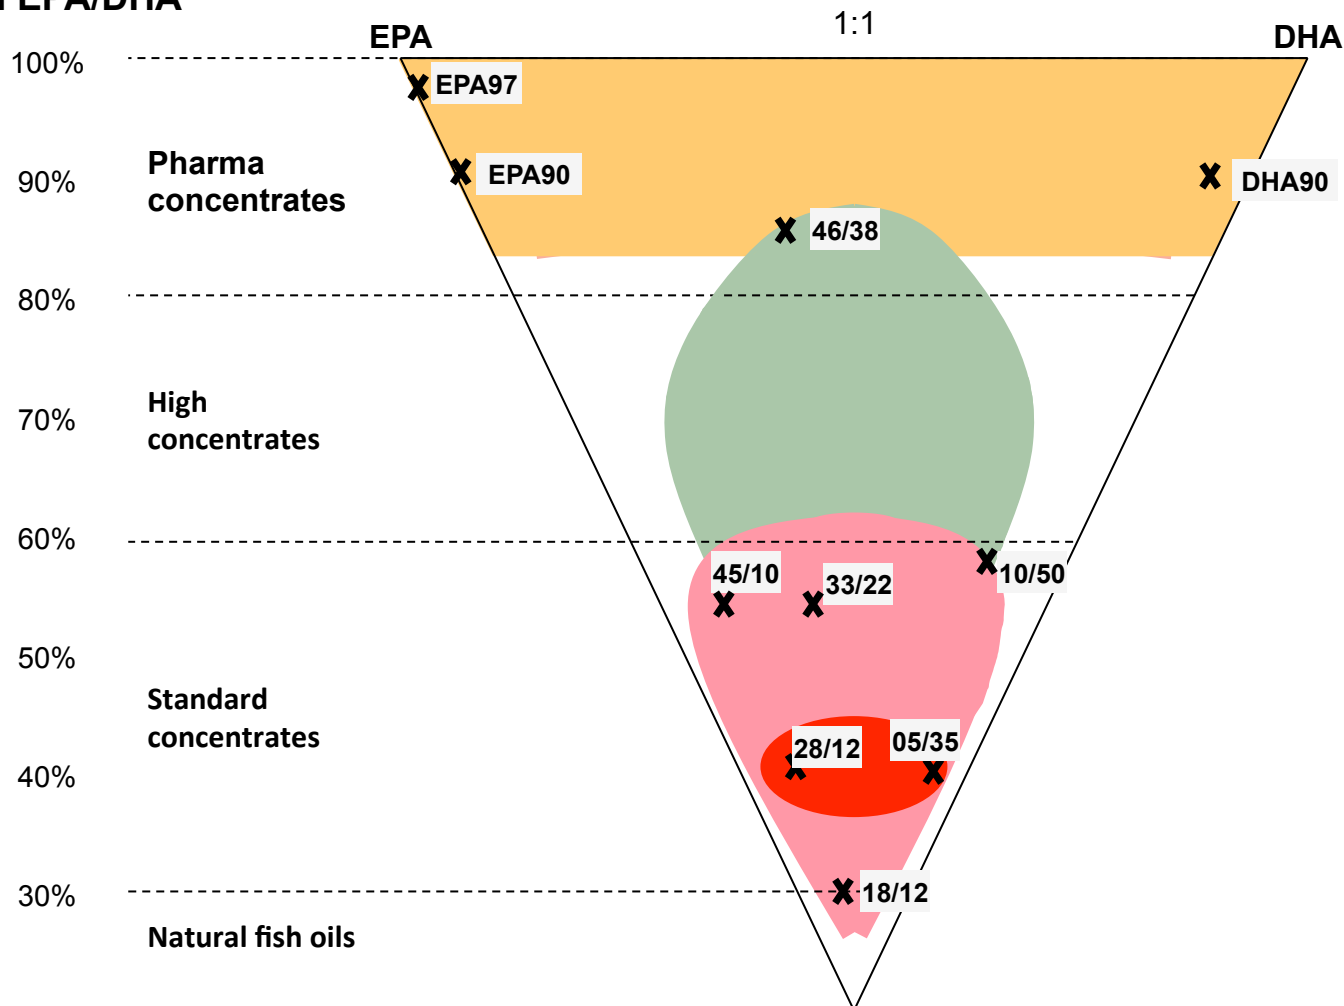

Trend 2

Higher Omega-3 concentrates

Customized EPA/DHA ratios

Need for different separation and concentration technologies

Total EPA/DHA

1 | Trend 1

Market Segment diversification and penetration

2 | Trend 2

**Higher EPA/DHA concentrates
Customized EPA/DHA ratios**

3 | Trend 3

New delivery forms

Trend 3

New delivery forms

.... Standard delivery forms do not recognize the diversity of consumer preferences

Challenges for consumer-convenient daily intake

- Swallowing problems for elderly and children

- “Pharma perception”:

*Oh my god,
I am sick!*

- Dosage burden:

several capsules

Customer needs

- Escape from commoditization of the softgel category
- Enable differentiation through new concepts
- Reach new and growing consumer groups (children, elderly)
- Establish higher margins through premium products

Trend 3

New delivery forms

Delivery solutions

- Ideal delivery form for consumer groups needs to reflect market and consumer diversity

- Options:

- Liquid supplements (bottled oils)
- Syrups
- Chewable tablets / gums
- Pre-mix powders
- On the tongue sachets
- Tablets
- One shots
